The Art of Taste

The Pemberton wine region is one of Australia's most exciting young wine regions.

At Chefingo's we have collected some of the best & most famous, award-winning wines from Pemberton & Manjimup, as well as Ports, Liqueurs & Spirits for you to discover it.

The region's grape-growing conditions produce excellent wines. It combines Southern latitude with high altitude, long sunny days, high humidity & relatively cool climate, together with rich clay soil making it ideal for growing high-quality wines.
